

```
#include <iostream>
using namespace std;

int suma(int a, int b){
    return a + b;
}

int main(){
    int x, y;
    cout << "Numero 1: "; cin >> x;
    cout << "Numero 2: "; cin >> y;
    cout << "Suma: " << suma(x,y);
    return 0;
}
```
